The Best of Times

Dear SGS Friends,

As the academic year comes to a close, it is with great pride and enthusiasm that we reflect on the remarkable achievements and positive energy that have defined our school community throughout the year. From the amazing spirit of our students to the dedicated efforts of our teachers and the unwavering support of our parents, this year has truly been one for the books.

One outstanding accomplishment that deserves special recognition is Saint George's capturing its third consecutive WIAA Scholastic Cup for 2B schools. This prestigious award is a testament to the collective efforts of our entire community. It showcases the academic achievements, athletic successes, and extracurricular involvement that make our school truly exceptional.

Speaking of achievements, the Class of 2023 has left an indelible mark on our school's history. This year's graduating class received over $9.2 million in scholarships and other merit aid from the colleges they've applied to. Their dedication, hard work, and pursuit of excellence have paid off, opening doors to bright futures and promising opportunities. As we bid farewell to the Class of 2023, we are filled with immense pride and optimism for the bright futures that await them.

The performing arts have thrived at our school, with stage productions featuring performers from 5th grade through 12th grade. These talented students have filled Founders Theater with captivating music and drama performances, showcasing their creative abilities and leaving us spellbound. Their performances have not only entertained but also fostered a sense of unity and appreciation for the arts within our community.

Sports have been another area of immense success for our school. This spring, our athletic teams brought home state trophies in all three sports (Golf, Tennis, Track). Notably, our boys and girls track & field teams both won State Championships. These victories demonstrate the incredible talent, teamwork, and dedication exhibited by our student-athletes, coaches, and supporters.

As we celebrate these accomplishments, it is important to recognize that the true essence of our school lies in the collective Best Efforts of our students, teachers, coaches, and parents. The commitment to academic excellence, athletic achievement, and the arts has created a vibrant and inclusive environment that fosters growth and success.

Congratulations to all our Dragons who contributed to this highly successful year with their Best Efforts at Saint George's School. Together we had great accomplishments, and together we will continue to make a positive impact on the world around us.

Sincerely,

— Jamie Tender, Head of School
